

XXII Biennial Meeting of the International Society for Eye Research

September 25-29, 2016 | Tokyo, Japan

The International Society for Eye Research (ISER) cordially invites you to participate in our XXII Biennial meeting September 25-29, 2016, in Tokyo, Japan.

Cutting Edge presentations are planned and coordinated under the following content sections: Glaucoma, Lens, Cornea and Ocular Surface, Ocular Immunology, Ocular Imaging, RPE Choroid Biology and Pathology, Retinal Cell Biology, Retinal Neuroscience and Development, Ocular Pharmacology, Therapeutics, and Ophthalmic Genomics.

ISER Biennial Meeting

- Uniting the leading clinicians and vision researchers from around the world to share their expertise and experience
- A unique platform for experts and young scientists to network and to discuss clinical and laboratory scientific research

Registration and Abstract Submission is now OPEN!

The JOS has approved the ISER XXII Meeting for the allocation of credit points for all Japanese ophthalmologists who will register and attend the meeting.
