

## Abstract Submission Guidelines

EORNA Virtual Congress 2021 welcomes the submission of abstracts that make an original contribution to the field. All submitted abstracts will be reviewed and selected by the Scientific Committee.

### Guidelines

- The deadline for submitting an abstract for an oral presentation or an ePoster is midnight Central European Time (CET) on **31 March 2021**.
- All abstracts must be written in English. Please use sentence case.
- All abstracts must be submitted online via the [congress website](#).
- Abstracts sent by fax, post or email will not be considered. It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar or scientific fact will be reproduced as submitted by the author.
- Please note that it is still possible to edit an abstract, even after having clicked "submit", until the deadline. You must have clicked "submit" before the deadline for your abstract to be considered.
- There is no limit to the number of abstracts which may be submitted by one author.
- The text should not exceed 300 words including spaces and not including title. The text of the abstract should briefly state:
  - **Objectives:** Indicate the purpose of the study or the hypothesis that was tested.
  - **Methods:** Include the setting for the study, the subjects, the diagnosis or intervention, and the type of statistical analysis. If references are needed, they should be provided in the text.
  - **Results:** Present as clearly as possible the outcome of the study and after significance if appropriate
  - **Conclusions:** Briefly discuss the data and emphasize the significance of the results. All abstracts should disclose primary findings and avoid, whenever possible, promissory statements such as "experiments are in progress" or "results will be discussed".
