

Fashion Meets Science

19th ESSKA CONGRESS

11-15 May 2021

Friday, 14. May 2021

Channel	Channel 1 - live	Channel 2 - On demand	Channel 3 - On demand	Channel 4 - On demand	Channel 5 - On demand	Industry Channel (LIVE)	
Theme	Highlight and Keynote Lectures	All about Complex Knee instability	All about Degenerative Knee (II)	All about Cartilage	All about Shoulder & Elbow		
Time		Peripheral instability of the knee Revisited	Surgical techniques in HTO Best practice	Modern cartilage regeneration	All the secrets of elbow instability		
		Evidence on MCL injuries and AMRI	Advanced osteotomy for the knee surgeon	Surgical treatment of cartilage lesions: What to do when lesions are not isolated?	Simple or not so simple elbow dislocation: An arthroscopic approach?	Programme provided by Industry Partners 9:30-17:00	
		Common practice versus expert opinion on PLC injuries. Presentation of the ESSKA Knee Collateral Ligament Working		Large osteochondral lesions (OCLs) in the knee joint	Arthroscopic advanced techniques around the elbow		
		Understanding the posterolateral corner of the knee	EKA - How to do a good UKA?	Techniques in ankle cartilage repair, 90°	Allograft in difficult shoulder surgeries		
			Surgical techniques in UKA Best practice				
9:00 -17:45 On demand		Knee dislocations - State-of-the-art management		Joint regeneration by unloading - What and when is really possible	Pulley lesions: What it means and how to treat them		
		Anterior Cruciate Ligament Revision Surgery: How to manage from simple to complex cases	Surgical techniques in primary TKA Best practice	EKA Best practice: Non-operative treatment of OA in the knee A case-based approach	How I do my reverse shoulder replacement		
		ACL revision surgery: Video collection and debates on surgical tips and tricks	EKA best practice - Alignment in TKA				
			EKA - Robotics in knee arthroplasty				Industry Symposia 17:00-18:00

Time (Live)

18:00	Introduction
18:15	Functional reconstruction of the knee: From sports medicine to
18:30	Keynote Lecture - Fashion vs. science in cruciate ligament
18:45	Keynote Lecture - Rehabilitation
19:00	ESMA Keynote Lecture - From knee surgery to return to play - A
19:15	Keynote Lecture - Rehabilitation
19:30	
19:45	
20:00	
20:15	Femoroacetabular impingement: The pursuit of evidence
20:30	
20:45	
21:00	Hip Keynote Lecture - Does hip preservation surgery actually
21:15	
21:30	Hip Keynote Lecture - Advances in arthroscopic surgery of the hip
21:45
