7 – 10 August 2022 | www.sil2022.org

36th Congress of the International Society of Limnology
August 7 – 10, 2022, Berlin, Germany

Guidelines for oral pre-recorded presentations

Dear Speaker,

Your abstract has been selected as an **oral pre-recorded presentation** at the **36th Congress of the International Society of Limnology**.

All oral pre-recorded presentations on demand will be available for viewing in electronic format, onsite at the venue (Hotel Berlin, Berlin), and on the virtual congress platform both during the congress and until at least 10 November 2022. You **do not need** to deliver your presentation at a certain time during the congress.

Instead, please prepare your presentation and record it. It is important that you **strictly adhere to the time limit of 10 min.**

We kindly ask you to **prepare and transfer your pre-recorded presentation** following the instructions below:

1. **Record your presentation with PowerPoint** or other suitable software to generate a video in MP4 format. Recording in PPT is straightforward. Please follow the link [here](#) to watch an instruction video on how to record your presentation.
2. **Please send your MP4 file to sil2022-digital@sil2022.org by August 1, 2022, at the very latest.** After this date, we cannot guarantee the implementation of your presentation into the program. The file size should not exceed 600 Mb. Please use WeTransfer or a similar service to transfer the file, since the MP4 file will be too large to be sent as an email attachment. Don't forget to add in the email your name and surname, the title of the presentation, and abstract number.
